Director, Department of Public Safety

Lieutenant Scott N. Raynes
Executive Director
Municipal Police Training Academy

RIMPTA Training Announcement

Work Zone Safety and Mobility for Law Enforcement

Program Date: January 9, 2018 (Tuesday)

Time: 0830-Noon

Location: Municipal Police Academy Classroom

Please Note: All Law Enforcement personnel assigned to work zones, are required to attend this training per federal and RI-DOT regulations. **DOT inspectors *have been asking officers to verify that they have been “Work Zone” trained prior to being assigned to details at RIDOT construction sites as well federally funded work sites.***

The daily environment of a law enforcement officer can be extremely dangerous and Work Zones are part of that dangerous environment. Motor vehicle related incidences are still the number #1 killer of police officers each year. The Work Zone training program has been designed to improve safety for law enforcement officers in the Work Zone as well as:

- Understanding standards and guidelines related to temporary traffic control in the Work Zones.
- The role of law enforcement in the Work Zones.
- Recognizing the components of a typical Work Zone.
- Recognizing proper practices and procedures related to the use of law enforcement officers in Work Zones.
- Understanding the process required for ‘construction’ to take place on Rhode Island roadways.
- Use of flaggers on road jobs.
- Current federal and state regulations relating to Work Zones.

Please Note: Attendees are encouraged not to park personal vehicles in restricted areas – Park in North parking lots where there are plenty of great parking spots!

This limited to twenty-five (25) applicants. Please complete the attached registration form and fax or email it to Mrs. Donna Lavalley, donna.lavalley@risp.gov, at the Municipal Police Training Academy @ 401-722-3151 no later than December 29, 2017.
