

Rhode Island Municipal Police Training Academy

Presents

Active Shooter Instructor Development (Five Day) (December 14 - 18, 2026 / 0900 - 1600 Hours)

During this course, officers will learn how to Employ & Teach advanced room clearing tactics, techniques and procedures, utilized by modern Special Operations Forces in urban environments. The Special Operations cadre will impart critical skills and techniques reinforced by real world experiences, validated by over two decades conducting Special Operations Missions during the Global War On Terror. This five day course is designed to enhance the officer's effectiveness and survivability when conducting warrants, hostage rescue and active shooter operations in urban environments, and drive standard operating procedures (SOP) development at their respective departments. This training program is intended for all L/E, Military, Corrections, Federal and State ESU/SRT/SWAT personnel.

Course Topics

- Rifle Setup & Carry Positions
- Hallways (Turns/ 3 Way Intersection/ 4 Way Intersection)
- Center Fed Room & Corner Fed Room
